4. Non-Core, Firm Gas Sales Customers (SC 5 Customers with Dual Fuel Capability);
5. Non-Core, Firm Gas Transportation Customers (Firm Transportation Customers with Dual Fuel Capability);
6. Non-Human Needs Commercial and Industrial Firm Gas Sales Customers;
7. Non-Human Needs, Commercial and Industrial Firm Gas Transportation Customers;
8. Human Needs Commercial and Industrial Firm Gas Sales and Firm Gas Transportation Customers;
9. Residential Firm Gas Sales and Firm Gas Transportation Customers. For purposes of these curtailment procedures, residential customers shall include any buildings heated solely by gas where persons reside, including apartment houses, prisons, dormitories, nursing homes, hospitals, hotels and other buildings where persons may dwell on a permanent basis.

The Company reserves the right to deviate from the above-listed curtailment order and curtail within any core or non-core customer class on an as needed basis when necessary to maintain system operational integrity or when health, safety, or property-preservation concerns mandate certain customer-specific or geographically-required curtailments. Except for category 9, within all firm curtailment categories, the Company will curtail customers on a pro rata basis to the extent operationally feasible.

Within all interruptible curtailment categories, customers will be curtailed in reverse order of their revenue contribution. Curtailment will not occur within categories 7, 8 and 9 unless efforts to reduce load within those categories through voluntary reductions in gas usage have failed.

Curtailed transportation customers whose gas supplies are delivered to the Company's city-gate, but who are nevertheless curtailed, will be compensated as provided for in Section 11.1(E)(1).
