SERVICE CLASSIFICATION NO. 4A
TRAFFIC CONTROL - METERED (Continued)

J. Universal Application

This service classification applies to all new traffic control, ancillary enforcement devices and operating control equipment installations applied for service on or after March 1, 2000. Existing metered service for the sole purpose of serving traffic control equipment will be served under this service classification as of March 1, 2000. Existing metered service not for the sole purpose of serving traffic control equipment will be grandfathered and will continue to be served under the service classification in effect on March 1, 2000. Effective March 1, 2005, this service classification becomes applicable for all unmetered traffic control equipment applied for service prior to March 1, 2000.

Issued by: Darlene D. Kerr, Executive Vice President, Syracuse, New York
