2. Definitions (Cont'd)

Pole Attachment shall mean any attachment by a cable television system or provider of telecommunications service to a pole, duct, conduit, or right-of-way owned or controlled by Central Hudson. With respect to an electric distribution pole, an attachment shall mean a span wire and required connected accessory equipment, owned by the same entity, utilizing twelve (12) inches or less of usable communication space on said pole. The sag of the wire will be included in determining the pole space utilized. Each span wire will be counted as a separate attachment. Accessory equipment installed in addition to the span wire and required connected equipment which precludes the space from being utilized by another entity shall be counted as a separate attachment.

Cable System Operator shall mean an entity whose service is limited solely to providing cable television service.

Telecommunication Carrier shall mean a provider of telecommunications services, excluding Incumbent Local Exchange Carriers (ILECs) and Cable System Operators.
