SERVICE CLASSIFICATION NO. 13 (Cont'd)

LARGE POWER SUBSTATION AND TRANSMISSION SERVICE (Cont'd)

SPECIAL PROVISIONS (Cont'd)

13.7 ENERGY VALUE OPTION PLAN (Cont'd)

Over Generation (Dump Energy)

EVOP customers' savings may be reduced by "dump" energy losses incurred by the Company due to system load falling below the minimum load requirements of Central Hudson's generation facilities, including any "must take" firm capacity and energy purchases, during off peak hours as a result of the EVOP program. In the event a dump energy situation occurs, Central Hudson will analyze the cause and if possible, take appropriate action to prevent a recurrence. Dump energy charges will be determined by the shortfall in revenue from the New York Power Pool and the actual fuel cost for the particular time that dump energy occurs.

Billing

At least ten working days prior to the commencement of receiving energy from an alternate supplier, the customer shall complete a Customer Application for Service and supply Central Hudson with a copy of the signed contract or service agreement between the customer and the energy supplier.

Customers electing to participate in the EVOP may either receive a single bill from Central Hudson or receive separate bills from Central Hudson and the energy supplier. On a month end basis Central Hudson will be responsible to quantify and report the over, under or no deliveries for each participating customers' account.

Central Hudson will perform billing for EVOP accounts at the customer's request. The Company will pay the supplier for energy as scheduled/delivered and the customer will continue to receive a single bill from Central Hudson. Bills will be unbundled to reflect the amount and price of the supplier's energy, the cost of Central Hudson delivery services and the cost of energy provided by Central Hudson. Participating EVOP customers agree to provide Central Hudson access on demand to any contracts or service agreements made with alternate suppliers for the purpose of verification of billing amounts and terms. All information received by Central Hudson will be treated as confidential. Central Hudson will request that any information provided to the New York Public Service Commission and its staff be treated as confidential.
