SERVICE CLASSIFICATION NO. 19 (Cont'd)

GENERAL SERVICE TIME-OF-USE RATE - RETAIL ACCESS PROGRAM (Cont'd)

DETERMINATION OF DEMAND

The demand will be measured whenever the customer's consumption has exceeded 5,000 Kwh. in each of two (2) consecutive bimonthly billing periods or 2,500 Kwh. in each of three (3) consecutive monthly billing periods, during the preceding twelve (12) months; whenever it is estimated the usage of new or existing customers will exceed these amounts in future billing periods; or whenever the demand of new or existing customers is estimated to exceed 10 Kw.

The demand will be the highest 15 minute integrated kilowatt demand established between the peak hours of 9:00 AM and 9:00 PM on weekdays, excluding designated holidays, during the month for which the bill is rendered.

If elevators, hoists, welding machines or other appliances of widely fluctuating loads are served under this classification, the demand in kilowatts of any installation including such load will not be taken as less than one-half the number of horsepower of the rated capacity of the largest individual elevator or hoist motor or other such appliances.

TERMS OF PAYMENT

Bills are due when personally served or three days after mailing. Bills shall be subject to a late payment charge in accordance with General Information Section 16, if payment is not made by the date specified on the bill which date shall be not less than twenty (20) days from the due date.

TERM OF SERVICE

A minimum of one year. A customer choosing to terminate service may not resume service within twelve (12) months at the same location without paying the reconnection charge set forth in General Information Section 22.
