SERVICE CLASSIFICATION NO. 2 (Cont'd)

GENERAL SERVICE (Cont'd)

SPECIAL PROVISIONS (Cont'd)

2.3 Separately Metered Space Heating (Cont'd)

The monthly rate for this separately metered service is:

<u>Customer Charge</u>	\$6.25
<u>Energy Charge</u>	
Winter Billing Periods	\$ .07926 Per Kwh.
Summer Billing Periods	.08726 Per Kwh.

Winter billing periods are billing periods ending between October 26 and May 25, inclusive.

Summer billing periods are billing periods ending between May 26 and October 25, inclusive.

Where, for physical reasons, more than one meter is installed to meter heating service on a single premises whose service for other purposes is supplied through a single meter, the monthly customer charge shall be multiplied by the number of heating meters installed.

Where a customer takes service in accordance with this provision, and his entire service is metered at the primary distribution voltage, the Company will install a demand register on each heating meter supplied through the primary meter. For billing purposes,

the total Kwh. usage registered on such heating meter(s) will be deducted from the Kwh. usage registered on the primary meter during the billing period, and

75% of the sum of the maximum 15-minute integrated demand in Kw. registered on the heating meters will be deducted from the demand in Kw. registered on the primary meter during the billing period.
