**III. SERVICE CLASSIFICATION
(BILLING RATE)**

It is important to answer the following questions accurately to assist us in determining the proper and most beneficial service classification for your account.

The cost of gas service may vary depending on the service classification. There are eligibility requirements for each service classification and you may qualify for more than one. One service classification may be more beneficial than another. If your use of gas service or gas equipment changes in the future you must notify Brooklyn Union Gas so that you may be properly billed. In classifying your service, we may rely on the information that you provide us. If you provide inaccurate or incomplete information and we back bill your account under the correct service classification, you may not be eligible for a refund of any overcharges. A brochure which explains the common Non-Residential service classifications is provided with this Application. Questions about service classification may be discussed with our customer representatives. Our tariff, which is on file in every Company office, describes each service classification in detail any may be examined upon request.
