GENERAL INFORMATION - Continued

- (c) Pursuant to Commission Order issued July 5, 1990 in Case No. 27611, the rates and charges under all service classifications shall also be subject to an additional percentage increase in rates and charges in an amount set forth on the Statement of Revenue Tax and Surcharges to recover the tax surcharge expense imposed by Section 188 of the New York Tax Law. After July 14, 1991, the amount of surcharge collected over the period July 15, 1990 through July 14, 1991 attributable to the expenses of the Section 188 surcharges for the twelve months ending December 31, 1990 shall be reconciled with the amount of Section 188 surcharge actually paid by the utility for that period. In the event the revenues produced by the percentage increase in rates and charges are substantially higher or lower than the amount paid by the utility (equal to or greater than plus or minus 0.5 percent), the utility will make a one-time adjustment to the percentage increase in rates and charges in effect for the months of September and October 1991.

A new surcharge percentage shall be filed with the Public Service Commission for each year the tax surcharge is applicable. After December 31 of 1991 and of each succeeding year the surcharge is in effect, the amount of surcharge collected for the expense of the Section 188 surcharge on excess dividends for the prior year shall be reconciled with the amount of the Section 188 surcharge on excess dividends actually paid by the utility. In the event the revenues produced by the percentage increase in rates and charges are substantially higher or lower than the amount paid by the utility (equal to or greater than plus or minus 0.5 percent), the utility will make a one-time adjustment to the percentage increase in rates and charges in effect for the month of March and April.

Issued by: Robert J. Fani, Senior Vice President, Brooklyn, New York
