SERVICE CLASSIFICATION No. 14 - Continued

New York State Motor Fuel Excise Taxes:

The rates charged under this service classification shall be increased by amounts currently applicable under State law as explained on General Information Leaf No. 94 and as computed on a BTU equivalent basis on the Statement of New York State Motor Fuel Excise Taxes. Such statement shall be filed with the Public Service Commission and shall be available to the public at Company offices at which application for gas service may be made.

Terms of Payment:

Net cash.

Term:

The Company shall provide service to the customer as provided in this Tariff Schedule until service is terminated by the customer or the Company. The Company may terminate service in the manner provided by law and the rules and regulations set forth in the Company's Schedule for Gas Service.

Special Provisions:

1. Gas service will be supplied under this service classification only when and to the extent that the Company has capacity available at the time of application sufficient for the service requested and the Company, after supplying customers taking continuous service and interruptible customers already being supplied, will have sufficient gas available to supply the applicant.

The Company reserves the right to accept only such application under this service classification as will, in the Company's sole judgment, permit it to dispose of the gas it has available for sale on an interruptible basis without requiring an unreasonable extension of facilities.
