FORM OF SERVICE AGREEMENT - Continued

1. **Scope of Agreement.** The Customer represents that (it, he) qualifies for service under Service Classification No. 14 of the Tariff Schedule. Subject to the terms, conditions and limitations of the Tariff Schedule as revised from time to time, including Service Classification No. 14, the Customer agrees that compressed natural gas service under this service classification will be supplied as described under Character of Service on Leaf No. 60 in the Tariff Schedule.

The Customer agrees that the number and location of compressor stations from which the customer will take compressed natural gas service under this service classification shall be fully determined by and subject to the discretion of the Company. In no event will the Company be obligated hereunder to construct additional compressor stations.

The Customer agrees that the Company reserves the right to determine that the Customer's vehicles meet Company requirements as to safe design, construction and installation of compressed natural gas equipment as well as applicable codes and regulations, prior to accepting an application for service under this service classification.

2. **Term of Service.** The term of service under this Agreement shall extend twelve (12) months from the date the customer's natural gas vehicles are able to begin refueling at the designated compressor stations. The Agreement will be continued from year to year thereafter unless terminated by advance written notice of either party to the other, given at least thirty (30) days prior to the applicable annual termination date, or at any time by order of the Public Service Commission of the State of New York ("Commission"). Notwithstanding any other provisions of this Agreement or the Tariff Schedule, if the Customer violates any provision or condition of service therein or fails to comply with the terms and conditions of this Agreement, the Company shall have the right to terminate the compressed natural gas service provided hereunder.
