**Daily Swing Service Rates and Charges**

The Company will utilize upstream assets and gas supply required to accommodate variations in the Customer's daily account balance between the Customer's deliveries and actual consumption. The rates and charges associated with this service are as follows:

**Daily Swing Service Monthly Demand Charge**

Customer shall pay a daily swing service monthly demand charge which is calculated by multiplying the per therm daily swing service demand charge (as stated on the Statement of Unbundled Transportation Service Charges) by Customer's Load Profile Factor, and then multiplying that product by 1/12 of Customer's annual normalized consumption.
