BASIC GAS-FOR-ELECTRIC-GENERATION-SERVICE TARIFF - Continued

DELIVERY COSTS INCURRED BY THE COMPANY:

In the event that the provision of transportation service to the Customer requires the Company to engage the services of other transporters of gas, an amount reflecting the costs incurred by the Company will be added to the applicable rate.

APPLICATION OF CONSUMPTION:

The Customer's daily consumption will be applied first to the Customer's nominated daily firm transportation sales requirement, second to excess Customer deliveries from the prior month (the Company may limit deliveries of previous month's excess if in the Company's sale judgment, service to firm Customers would be jeopardized), third to current daily third party transportation deliveries and fourth volumes up to contracted monthly stand-by service. Volumes consumed in excess of the above on any day will be billed pursuant to the Section entitled "Deficiency Imbalance Volumes."

INCREASE IN RATES IN MUNICIPALITY WHERE SERVICE IS SUPPLIED:

All rates and charges under this Service Classification, including charges specified under the Special Provisions of this Service Classification and the Transportation Service Agreement, shall be increased pursuant to Section 35, General Information, to reflect the tax rates applicable within the municipality where the Customer is taking service. This Section shall not apply to any delivery costs incurred by the Company to have other parties transport gas on the Customer's behalf.

TERMS OF PAYMENT:

All bills are due and are subject to a late payment charge in accordance with the provisions of Section 8.e., General Information.

MINIMUM MONTHLY BILL:

As specified in the Transportation Service Agreement between the Customer and the Company.
