3. APPLICATION FOR PARTS REPLACEMENT CONTRACT - Continued

Terms and Conditions for Con Edison's PLUS Plan

Coverage

This contract covers repairs to gas space heating equipment up to 400,000BTU/hr. and/or gas water heating equipment with inputs not greater than 95,000 BTU/hr. as determined from the nameplate rating of the equipment or from the design specifications of the manufacturer of the equipment. All equipment to be repaired by the Company must be approved by the authorities having jurisdiction over the manufacture and installation of such equipment. ~~The equipment must be in good operating condition on the date the contract takes effect.~~ Customer is responsible for the ordinary maintenance of equipment, including air filter replacement, air register adjustment, and motor lubrication. The program will not cover any labor or materials for draining boiler water, draining expansion tanks, venting radiators, nor any type of repair considered plumbing, sheet metal work, or work on electrical house wiring. Work restricted to licensed plumbers will not be performed.

Parts Covered

Appliance Valve	Flue Damper	Pilot Safety	Sight Glass
Aquastat	Flue Pipe	Pilot Tubing	Switches
Aquastat Drywell	Gas Valve	Pressuretrol	Thermostat**
Belts(V-Type)*	Gauge	Pulley*	Transformer
Blown Down Valve	Hot Surface Ignitor	Relay (Aquastat)	Unitrol Valve
Burner (Atmospheric)*	Ignition Module	Relay (Fan)	Water Feeder
Circuit Board	Low Water Cut Off	Relay (Switching)	(Solderless)
