**PART 3 - SERVICE CLASSIFICATION INFORMATION**

Rates for each service classification are different because the cost to provide service is  
different. You, the customer, qualify for a service classification if you meet the eligibility conditions  
of that classification. Further, "Brooklyn Union" will endeavor to assist in the selection of  
your most favorable rate classification.

If served by multiple rate classification at the same location, you will not be permitted switchable  
circuits (electric) nor switchable thermal requirements (gas) between the multiple classification.

To insure proper billing, you must notify "Brooklyn Union" in writing if use of service or equipment  
changes in the future.
