SALES SERVICE FOR
CUSTOMERS OPERATING COGENERATION FACILITIES - Continued

1. The Customer must own or operate a non-utility cogeneration facility;
2. The Customer must totally revoke its right to firm service under the Company's tariff for all consumption by cogeneration facility equipment which is used to produce electricity or thermal energy for use other than the maintenance or security of the cogeneration facility;
3. The Customer must have operational equipment installed capable of providing suitable back-up energy supply or the cogeneration facility must have operational alternate fuel capability;
4. The Customer must have installed the necessary electronic equipment, acceptable to the Company, which allows the Company to monitor the Customer's hourly usage of gas;
5. The Customer must totally revoke its right to transportation service under the Company's tariff for all gas consumption by the cogeneration facility during any and all periods of time in which the Company is both capable and willing to provide sales gas in accordance with this rate schedule.

RATE: (Per Month)

The Customer and the Company will negotiate a rate for the first year service is rendered under this Service Classification ("Base Year Rate"). The rate for service under Service Classification No. 10 shall be composed of three parts.

1. Facilities Charge: The Customer shall pay each month a sum sufficient to recover any and all Company investment and expense associated with any and all incremental facilities required to provide service to the Customer. The period for recovery of investment and expense shall be as agreed by the Company and Customer. Customer will provide security to the Company such that, regardless of the circumstances of the
