To National Fuel: I would like your FPO applied to my bills received in December 1997 through April 1998. I understand that the FPO fixes only the Gas Adjustment portion of my monthly bill at \_\_\_\_ccf, and is designed to stabilize fluctuations in gas costs that would otherwise be reflected in my rates. It does not guarantee cost savings. I understand that this is a binding agreement that continues through the period described in this brochure, after which the traditional Gas Adjustment will be restored in my bills. Except for the FPO feature of my bill, all aspects of my service with National Fuel will remain the same. I understand that this program is available on a first-come, first-served basis to a maximum of 100,000 customers.
