RECEIVED: 03/27/98 STATUS: Cancelled EFFECTIVE: 05/01/98

GENERAL INFORMATION (CONT'D)

c. If a balance remains after the Utility has credited the customer's account(s) in accordance with paragraph (b) of this subdivision, a refund check shall be issued to the customer.

V. EXTENSION OF LINES AND FACILITIES

A. When an application is made for service which requires extension of distribution facilities or of service line, the Utility will comply with all the regulations contained in 16 NYCRR Parts 98, 99 and 100.

B. Maintenance

1. Distribution line:

The Utility shall maintain distribution facilities if the Utility installed them, or if the applicant installed them pursuant to the tariff. The Utility shall maintain distribution line installed by an applicant in the past if the Utility allowed the applicant to make the installation, and provided the customer grants necessary easements.

2. Service line:

The Utility shall maintain service lines only if the Utility both installed and was responsible for bearing the cost of installing the service line.

C. Rights-of-Way

In any situation where the Utility is responsible under the tariff for installing facilities, and any right of way are necessary, the applicant must either deliver to the Utility any such right of way agreements, or must pay the Utility the cost of acquiring such agreements.
