SERVICE CLASSIFICATION NO. 3 (CONT'D)

INTERRUPTIBLE SALES SERVICE (CONT'D)

TERM:

The term shall be specified in the Service Agreement.

SPECIAL PROVISIONS:

- A. All sales hereunder shall be subject to interruption, temporary curtailment or discontinuance, and permanent discontinuance, on not less than two (2) hours' notice from the Company and Company shall not be in any way liable for any failure in whole or in part, temporary or permanent, to deliver gas under this service classification.
- B. Customer's equipment supplied hereunder should have an alternative source of fuel, however this requirement may be waived by written permission of the Company. The Company reserves the right to conduct an onsite inspection of the Customer's alternate fuel facilities at any time to determine whether the equipment is properly installed, maintained, functioning and capable of serving the Customer's energy requirements at a level equivalent to that of the natural gas provided under this service classification. Equipment supplied under this service classification, may be transferred to another applicable service classification with the written permission of the Company. However, any such equipment can not be resupplied under this service classification prior to the elapse of a minimum period of one (1) year.
- C. Customers taking service under this service classification may be required to install daily metering equipment, at the sole discretion of the Company.
- D. The Customer shall provide the Company with an affidavit certifying the grade and sulphur content of fuel oil that can be utilized in the facilities served under this service classification or a description of the alternate fuel used.
- E. The Company may, at its sole discretion, adjust the prices charged customers that are exempt from the Petroleum Business Tax (PBT), imposed by Article 13-A of the New York State Tax Law. Such adjustments shall be made on a non-discriminatory basis, such that, PBT-exempt customers within the same price area and price category receive the same PBT adjustment.
