GENERAL TERMS AND CONDITIONS OF SERVICE:

To the extent not inconsistent with the provisions of this service classification, service hereunder is provided in accordance with the General Information Sections of this Schedule.

- C. Monthly Metering and Balancing Provisions - Each month the Company shall direct aggregated pool operators to deliver the estimated average daily quantity of gas necessary to meet the daily requirements of the pool for the month. Such quantity may be revised during the month as required to match pool consumption. Such revision will be effective twenty-four (24) hours following an Aggregation Nomination Order (ANO) and until such time as the Company changes or rescinds the ANO. If deliveries are not commenced within the three-month period, the available capacity will be released for the use of the other applicants.
