There is no limitation on participation in Pooled Balancing Service programs.

One Customer - One Aggregator - One Aggregation Service

At any time, a customer may employ only one aggregator and may participate in only one aggregation pool.

Eligibility to Act as Aggregator

a. Initial Requirements. Any entity may hold itself out to the public as an aggregator for purposes of soliciting customers for Pooled Balancing Service, Balanced Aggregation Service or Basic Aggregation Service on the Niagara Mohawk system and may commence and continue aggregation services if for each service offered, the entity:

(i) Applies to Niagara Mohawk for authorization to provide the service by submitting Aggregator Form 1.

(ii) Maintains a credit limit with Niagara Mohawk, or provides adequate security in lieu of such credit limit. The amount of such credit limit or security is dependent on services provided.
