**3. APPLICATION FOR SERVICE** (cont'd)

C. Distributed Generation Interconnection Requirements (cont'd)

E. DG Customer Charges:

- (1) For units over 15 kVA, a \$350 application fee will be required to be paid with the completed application.
- (2) For units of 15 kVA and less, no application fee is required.
- (3) For all units 300 kVA and less, the Customer will be responsible for an advance payment for Central Hudson's estimated costs associated with engineering review, system modifications, metering, and on-site verification.
- (4) The Application fee, if required, and any advance payment will be applied against Central Hudson's total cost of interconnection which will be reconciled after final acceptance of the unit. The customer will receive either a bill for any balance due or a reimbursement for overpayment as determined by the Company's reconciliation.

F. Application Process:

The Company and the Customer must be in compliance with the Application Process for the interconnection of DG units of 300 kVA or less connected to radial distribution lines established in the SIR.
