SERVICE CLASSIFICATION NO. 20 (Continued)

CHARACTER OF SERVICE

For Customers taking service under Rate Schedule 1, service may be interrupted at the Company's discretion for up to 30 days during the calendar year. The Company may require a higher degree of interruptibility from the Customer in cases where the Company determines that the Customer's requirements cannot be served by the Company for up to 335 days. For Customers taking service under Rate Schedule 2, service may be firm or interruptible, as mutually agreed upon by the Customer and the Company. Subject to the provisions of this Service Classification, the Company will transport natural gas, owned by the Customer, that meets the quality specifications hereof from a mutually agreed upon existing point for direct receipt by the Company of pipeline supplies, to a specified delivery point on the Company's existing facilities at the Customer's point of service.

The Company shall control the dispatch of gas received for transportation. Transportation service hereunder shall be available only upon a Company determination that its existing delivery capacity and facilities are adequate to (i) supply the total estimated gas requirements of its customers receiving service under sales service classifications and core transportation service classifications, and (ii) provide the transportation service required for the term of service hereunder. The Company will not be obligated to expand its facilities or construct new facilities for potential customers seeking service under this Service Classification.

Customer shall be obligated to provide the Company with daily nominations to the Company's city gate for transportation service anticipated under this Service Classification. Such nominations shall take into consideration the Company Lost and Unaccounted for factor. The Customer shall be obligated to deliver its Daily Nomination Quantity unless modified by the Customer pursuant to the terms of this Service Classification. In any event, the Company shall not be required to accept deliveries of gas in excess of the Customer's MDDQ. The Customer's MDDQ shall be set forth in the Customer's Service Agreement.
