**SERVICE CLASSIFICATION NO. 4****APPLICABLE TO USE OF SERVICE FOR:**

Transportation of gas owned by customers eligible to take service under Service Classification No. 3, subject to the restrictions established under that Classification. The annual volume scheduled to be transported for any customer shall not be less than 5,000 Dth.

**CHARACTER OF SERVICE:**

Interruptible transportation of natural gas owned by an existing customer, which the customer has arranged to have transported to a delivery point at the boundary of Orange and Rockland's service area. Such gas will be transported from that delivery point to the existing facilities at the customer's usual service point. Orange and Rockland shall control the dispatch of such gas, and dispatch will be provided as requested by the customer, except that the volume of gas delivered shall be conditioned upon the availability of pipeline capacity not then being used by Orange and Rockland's customers being served under Service Classification Nos. 1, 2, 3 and 5.

**RATE - THREE PART - MONTHLY:****(1) Transportation Charge**

The rate for the first 100 Dth or less transported for a customer each month shall be \$150.00. The rates for all Dth in excess of 100 Dth per month shall be the average unit margin received from sales to the appropriate interruptible customer category for the twelve-month period immediately preceding the month in which transportation service commences, but not more than the transportation charge applicable for the billing month to firm customers who do not reserve their entitlement to firm service.
