SERVICE CLASSIFICATION NO. 7**APPLICABLE TO USE OF SERVICE FOR:**

Service in the entire territory to any customer for the sole purpose of fueling motor vehicles subject to interruption at any time at the Company's option upon not less than one hour's notice. Service shall be separately metered from all other service taken.

CHARACTER OF SERVICE:

Interruptible; natural gas supplied at pressures available at customer's location and within the limits prescribed in Title 16 Public Service, Part 255.60, the official compilation, Codes, Rules and Regulations of the State of New York.

RATE - TWO PART - MONTHLY:**(1) Unit Charge**

Charges per therm shall be established each month and shall be applied to gas sold hereunder. The charges shall be filed with the Commission and be available for public inspection, at Company offices where applications for service may be made, not less than three working days prior to the beginning of the billing period for which the charges shall be effective.

The unit charges, in cents per therm, shall be (i) the average price in cents per gallon paid by the Company for unleaded gasoline during the second previous month, minus (ii) all taxes included in that average price, minus (iii) a differential as provided for below, divided by (iv) a factor of 1.100 therms per gallon except that:

- (a) the unit charges shall not be less than the average commodity cost of gas as defined in Service Classification No. 3 of this Schedule plus 5.000 cents per therm; and
- (b) the unit charges shall not be greater than the sum of (1) the lowest per unit charge for service under Service Classification No. 2 of this Schedule, plus (ii) the gas adjustment charge applicable to Service Classification No. 2.

The differential for service during the initial term shall be 35.000 cents per gallon. Thereafter, the differential shall be 25.000 cents per gallon.
