SERVICE CLASSIFICATION NO. 8**APPLICABLE TO USE OF SERVICE FOR:**

Transportation of gas owned by customers and supplemental sales of Company owned gas to those customers who are located adjacent to the Company's existing gas distribution mains having adequate capacity to supply customer's prospective requirements, in addition to the requirements of other present or prospective customers taking firm or interruptible service from such distribution mains or who agree to pay to the Company, prior to construction, the estimated cost of expanding its distribution system to make it adequate for service hereunder and who agree to:

- (a) interruption of service at any time at the Company's option on not less than two hours notice;
- (b) install and maintain facilities for using alternate fuels during interruptions; and
- (c) not use service supplied hereunder in any equipment which is supplied with gas service under any other Service Classification of this tariff.

CHARACTER OF SERVICE:

- (A) Interruptible transportation of natural gas owned by a customer which the customer has arranged to have transported to a delivery point at the boundary of Orange and Rockland's service area. Such gas will be transported from that delivery point to the customer's facilities. Orange and Rockland shall control the dispatch of such gas, and dispatch will be provided as requested by the customer, except that the volume of gas delivered shall be conditioned upon the availability of pipeline capacity not then being used by Orange and Rockland's customers being served under Service Classification Nos. 1, 2, 3, 5, 6 and 7.
- (B) Supplemental sales of interruptible (Dump) natural gas owned by the Company, delivered at a pressure agreed upon by the customer and the Company, but not in excess of the available pressure at the point of delivery, as determined by the Company.
