### GENERAL INFORMATION

#### 11. GAS RESTRICTIONS AND LIMITATIONS (Cont'd.)

##### 11.1 RESTRICTIONS ON ATTACHMENTS OF NEW GAS CUSTOMERS AND SUPPLYING OF GAS TO EXISTING CUSTOMERS (Cont'd.)

###### (G) Emergency Electric Generation

- (1) Firm gas service will be supplied to customers for emergency electric generation provided that:
  - (a) Only sufficient emergency electric generating capacity shall be installed to provide the minimum needs for safety and health; and
  - (b) The customer shall pay all costs associated with the installation including, if necessary, all costs for system reinforcement, mains, and service laterals.
- (2) The customer shall be penalized for excessive usage. Excess usage shall be deemed to have occurred when a customer exceeds his/her existing annual limitation for other uses plus an annual emergency electric generating allotment allowing one half hour testing each week and estimated use during verifiable electric power outages. Usage in excess of the total annual limitation shall be billed at a rate of \$10.00 per Dth.

##### 11.2 TRANSFER OF SERVICE

In the event that a customer is authorized (by the Company or by the Public Service Commission, whichever is required in each instance) to transfer an existing gas allotment to a different location, the customer must pay for all costs associated with the installation of a new service lateral or main extension, if these facilities do not exist at the new locations.
