**SERVICE CLASSIFICATION No. 4**  
**Interruptible Gas Service (Continued)**  
**Rate Codes: 310, 311, 320, 321)**

**Special Provisions (continued):**

(e) Penalties:

For gas consumed in violation of this Service Classification without the express written authorization of the Company, an additional charge of nine (9) times either (1) the sum of the Market Price for natural gas delivered to the Company's city gate on the day of violation plus the transportation rate the Customer would be subject to if it was a transportation customer, or (2) the applicable sales rate, whichever is higher. All charges are subject to all utility taxes and surcharges. *Market Price* shall be defined as the city gate delivered market price for natural gas on the days of interruption as quoted by "Gas Daily". Where a condition is experienced by the consumer which prevents the required transfer from gas, the customer agrees to immediately notify the Company and to take immediate action to correct such condition, and to notify the Company when such condition has been corrected.

The imposition of such additional charge shall not limit any rights of the Company to terminate gas service pursuant to any provision of the Company's Rate Schedule or otherwise. In the event that the Company finds that gas is being consumed in violation of this Service Classification and also finds that the interruption thereof would create a danger or threat to health or safety, the Company shall have the option not to interrupt the consumer's gas service and such consumer will be charged the additional charge for such consumption as provided herein.

- (f) Remote Reading Devices: Remote reading devices are required for all Customers contracting for this service. New Customers will be required to pay, prior to the initiation of service and subject to Special Provision (a), the additional cost of the remote device in excess of a regular meter. All Customers will bear all telephone charges for communicating meter usage information to the Company.
- (g) Negotiated Contracts: The Company reserves the right to negotiate individual contracts with Customers whose annual natural gas requirements equal or exceed 100,000 dth.
- (h) Notice of Interruption: "KeySpan Energy Delivery-Long Island" is deemed to have provided adequate notice if the Company has made a good faith effort to notify by attempting to call the telephone number designated by the Customer in the Interruptible Gas Service Agreement for purposes of such notification whether or not the Customer is available to answer such call.
