Unless otherwise required to take Standby Service Rates or exempt from Standby Service Rates pursuant to 24.5(A) or 24.5(D) of this General Information Section, non-residential demand-billed customers, with or without a generating facility, can elect to be billed under Standby Service Rates ("Rate Choice Customers"). Rate Choice Customers served under Rider N, or who do not have on-site generation equipment, or have emergency generating facilities used pursuant to General Information Section No. 8.4, are not subject to the Interconnection Requirements and Interconnection Charges sections and 24.5(E) of this General Information Section.

- (2) customers having electric generating systems served under Rider N, except for customers served under paragraph (K) of the Applicability Section of Rider N; and
- (3) unmetered service and separately metered space heating provided under Service Classification No. 2 of this Rate Schedule.
