Service shall be provided in accordance with the terms of this Service Classification for any use of gas by a Customer who:

- (1) maintains operable dual-fuel facilities capable of supplying the entire requirements of the equipment (except for air-conditioning equipment) with gas or an alternate fuel, or can utilize electricity or another energy source to supply the energy requirements of the premises otherwise supplied directly or indirectly by gas,

Applications under this Service Classification shall not be accepted where the Company determines, in its sole discretion that the requirements of existing Customers and Company gas use may not leave sufficient gas available for use by others.

Sales of gas at the Customer's meter shall be interruptible by means of notification by the Company.
