GENERAL INFORMATION - Continued**III. General Rules, Regulations, Terms and Conditions under Which Gas Service Will Be Supplied, Applicable to and Made a Part of All Agreements for Gas Service – Continued****8. Metering and Billing – Continued****(W) AMR/AMI Meter Opt-Out**

Residential customers who have, or are scheduled to have, automated meters installed by the Company on their premises may elect to opt out of an Automated Meter Reading equipped meter (“AMR meter”) or an Advanced Metering Infrastructure equipped meter (“AMI meter”) and, thereby, have their meters read manually, by completing an automated-meter opt-out form. Information on how to opt out of AMR/AMI metering, including forms, can be found on the Company’s website at

<https://www.coned.com/en/our-energy-future/technology-innovation/smart-meters>.

Customers who opt out of AMR or AMI metering will be subject to the following provisions:

(1) Notice

The Company has a plan to replace non-AMI meters, including AMR meters, with AMI meters throughout its service area. At least 30 days in advance of the planned AMI meter installation at the Customer’s premises, the Company will notify the Customer in writing of the forthcoming meter installation and ability to opt out. Customers who opt out of AMI metering prior to the planned installation will not be subject to a meter change-out fee.

In the event the Company replaces a non-AMI meter with an AMI meter and does not provide at least 30 days’ advance notice (e.g., replacement of a broken meter), the Company will notify the Customer in writing of the AMI meter installation and ability to opt out. Customers who opt out of AMI metering within 30 days of such notice will not be subject to a meter change-out fee.

(2) Meter Change Out Fee

A meter change out fee of \$93.81 per meter will apply for a Customer who requests removal of the remote communications capability of an AMR or AMI meter, except as described in “Notice” above.

(3) Manual Meter Reading Fee

If the Customer opts out of AMR or AMI metering or refuses to permit the Company to install such remote communication device, the Company will attempt to read the meter manually bi-monthly and render bills monthly, as described in General Information Section III.8.D. The monthly bills will contain an incremental charge, per gas account or combined electric and gas account, for on-site cycle meter readings at half the charge specified in General Information Section IV.3.(b). If the Company is scheduled to manually read a meter of a Customer that opted out of AMR or AMI, but does not attempt to read the meter, the incremental charge will be waived.
