Unless otherwise required to take Standby Service Rates or exempt from Standby Service Rates pursuant to 24.5(A) or 24.5(D) of this General Information Section, non-residential demand-billed customers, with or without a generating facility, can elect to be billed under Standby Service Rates ("Rate Choice Customers"). Subsequent changes will become effective with the first full billing period. Rate Choice Customers served under Rider N, or who do not have on-site generation equipment, or have emergency generating facilities used pursuant to General Information Section No. 8.4, are not subject to the Interconnection Requirements and Interconnection Charges sections and 24.5(E) of this General Information Section.

Customers with Stand-Alone Electric Energy Storage systems charging for wholesale purposes will be billed pursuant to WDS. Except for General Information Section No. 24.2, the remainder of General Information Section No. 24 does not apply to these customers.
