Superseding Revision:

Rule 31 - Forms: Form # 5 - Application & Contract for Underground Residential  
Distribution System (continued)

2. Execute and deliver to the Company, free from cost, suitable permanent easements or rights-of-way insofar as the initial installation or subsequent additions thereto affect the property owned by the Applicant for placing and maintaining said distribution facilities or agree to pay a surcharge of twelve percent (12%) per annum of such costs as may be incurred by the Company, if at the Applicant's request, it obtains such easements or rights-of-way.
3. Clear rights-of-way and easements of tree stumps, brush and obstructions at no charge to the Company, and grade to within six (6) inches of final grade. Such clearance and grading must be maintained by the Applicant during construction by the Company. Restoration of top surface after construction shall be by the Applicant at the Applicant's expense. All sewers, water facilities and drainage facilities shall be installed before the Company commences construction.
4. Make a non-refundable contribution of \$\_\_\_\_\_ based on distribution trench footage within the subdivision in excess of sixty (60) feet per dwelling unit. The contribution is based upon the number of dwelling units to be served from the distribution system, as indicated on the map furnished under Paragraph 1 above. If additional dwelling units are constructed within the subdivision, the contribution shall be recalculated as provided in Rule 7 of this Tariff.
5. Make a deposit in the amount of \$\_\_\_\_\_ but not to exceed the incremental cost above the equivalent cost for overhead facilities. This deposit shall be returned to the Applicant quarterly, with interest, on a pro rata basis as each new Customer is connected with service.

Any new portion of the deposit remaining unrefunded five (5) years from the date the Company is first ready to render service from the underground electric distribution lines shall be retained by the Company. Upon the mutual agreement of both the Company and the Applicant, a bond may be posted in lieu of any deposit.
6. Pay the Company for the cost of that portion of the service lateral on the Applicant's property if he elects to have the Company make this installation.
