Service Classification No. 4 (continued)

TERM OF CONTRACT:

Each Customer shall be required to execute a contract with the Company for a minimum one (1) year term. The contract is automatically renewable from year to year after the expiration of the original term, unless a notice of cancellation of greater than thirty (30) days is given by either party. If the contract is terminated by the Customer prior to its expiration, the minimum bill provisions of this Service Classification shall apply. If the Customer's capacity or service facility requirements increase, the Company, in its sole and exclusive judgment, may require the Customer to enter into a new contract.

GENERAL PROVISIONS:

- A. Service to Schools: Service to public schools shall be rendered at the charges set forth herein, provided that the minimum monthly charge may be waived during any of three (3) months from June to September inclusive. Any kilowatt-hours used during the period of waiver shall be included in subsequent billing.
- B. Multi-point Delivery: This provision is restricted as of May 2, 1980, to existing loads at existing locations. Where the load of a Customer located on single or contiguous premises becomes greater than the capacity of the standard circuit or circuits established by the Company to supply the Customer, additional delivery points may be established for such premises upon written request of the Customer, provided multi-point delivery is not disadvantageous to the Company. When such additional points of delivery are established, billing shall be based on the sum of the meter readings. Locations and loads billed under this provision may not continue to be so served if there is a substantial increase in load necessitating any increase in the capacity of the Company's facilities or in the capacity of the Customer's service entrance wiring.
- C. Levelized Billing: Levelized billing shall be offered to a Customer in accordance with Rule 15.B.(6), Levelized Billing and Payment Plan - Non-Residential.
