## Rule 15 - Meter Reading and Rendering of Bills (continued)

### **(8) Billing Month**

The Company shall read and bill Customers based on a predetermined meter reading schedule. The Company's billing month is one-twelfth (1/12) of a year, or the period of approximately thirty (30) days between two (2) regular consecutive readings of the Company's meter(s) installed on the Customer's premises, but not less than twenty-six (26) days and not more than thirty-five (35) days.

### **(9) Combined Billing**

Residential Customers with both a metered Residential Service and a Private Outdoor Lighting Service may request to receive Combined Billing from the Company for the two services.

Combined Billing for Non-Residential Customers shall be restricted as stated in the applicable Service Classification No. 3 of this Tariff.

A Delivery Service Customer shall receive Combined Billing from the Company for its Delivery Service and ESCO Service unless the Customer requests separate billing.

### **(10) Minimum Billing**

Each Service Classification of this Tariff applicable to Residential and Non-Residential Customers shall specify the minimum billing applicable to all service and Customers taking service under such Service Classification.

### **(11) Transformer Losses Adjustment**

The Company may, at its option, meter its electric service at Primary Voltage of Company-owned transformers or at the Secondary Voltage of Customer-owned transformers. In such cases, the applicable kilowatt demand charge shall be increased (in the case of metering at Secondary Voltage) or decreased by (in the case of metering at Primary Voltage) 2.5% to compensate for transformer losses.
