**DETERMINATION OF DEMAND (Cont'd)**

**Contract Demand (Cont'd):**

1. Company Established Contract Demand (Cont'd):

b. Customer Without OSG and Demand Metered

The Company shall establish the Contract Demand for a demand metered customer without on-site generation that opts-for the rates under this Service Classification. The Contract Demand shall be based on the peak demand of that customer over the most recent 12-month period prior to the effective date that the customer is billed the Standby rates. If there is no historical metered demand, the contract demand shall be determined, in consultation with the customer, by assessing the nameplate rating of the equipment to be served, and projecting, through an engineering analysis, the coincidence and diversity of the customer's load.
