---

**SERVICE CLASSIFICATION NO. 25 (Continued)****APPLICABLE TO USE OF SERVICE FOR: (Continued)**

Unless otherwise required to take Standby Service rates or exempt from Standby Service rates pursuant to Special Provision A or Special Provision D of this Service Classification, non-residential demand-billed customers, with or without a generating facility, can elect to be billed under Standby Service rates ("Rate Choice Customers"). A Rate Choice Customer may elect to change its billing rate to or from Standby Service rates no more than once every 12 months. All such notices must be made at least 30 days in advance in writing. A Rate Choice Customer will be billed under Standby Service rates commencing with the first full billing period for which interval metering data is available subsequent to the Company's receipt of notice of such election. Subsequent changes will become effective with the first full billing period. Rate Choice Customers served under Rider N, or who do not have on-site generation equipment, or have emergency generating facilities used pursuant to General Information Section No. 8.4, are not subject to the Interconnection Requirements and Interconnection Charges sections and Special Provision E of this Service Classification.

Unless the customer is a Rate Choice Customer, Standby Service is Not Applicable To:

- (1) customers whose only generating units are emergency generators that are installed and operated in accordance with General Information Section No. 8 of this Rate Schedule;
- (2) customers having electric generating systems served under Rider N, except for customers served under paragraph (K) of the Applicability Section of Rider N; and
- (3) unmetered service and separately metered space heating provided under Service Classification No. 2 of this Rate Schedule.

**CHARACTER OF SERVICE:**

Continuous, 60 cycles, single phase or three phase at one of the standard voltages described in General Information Section No. 4 of this Rate Schedule.
