STAMPS:

## GENERAL INFORMATION - Continued

## System Benefits Charge (continued)

The Statement of SBC will be filed on no less than 15 days' notice. The statement will set forth the following surcharge rates:

## A. Clean Energy Fund (CEF) Surcharge Rate:

Beginning on March 1, 2016, the CEF surcharge rate collects funds associated with NYSERDA-run EEPs activities as well as over or under collections associated with company-run EEPs programs for the period prior to 2016. The surcharge rate will be calculated by dividing the necessary collections by the projected annual firm sales and transportation volumes. Necessary collections will include:

1. Annual authorized collections for NYSERDA-run programs, plus or minus any under- or over-collections for prior years.
2. Any under- or over-collections for company-run EEPs programs.
3. Any lost revenues applicable to service classifications: 5-15, 5-16, 15, and 16.

## B. Energy Efficiency Transition Implementation Plans (ETIP):

Beginning on April 1, 2020, the Company's gas energy efficiency costs (ETIP) will be recovered in the Company's base rates. Any over / under recovery of ETIP costs will be included in RDM reconciliations for service classifications 1, 2 and 3. All customers participating in the Excelsior Jobs Program will be required to pay ETIP costs in addition to the EJP rates approved in each rate proceeding.

The Company will reconcile the actual gas ETIP revenues recovered from service classification 5-15, 5-16, 15 and 16 to the amount included in rates for the 12 months ending March 31, 2021. The Company will reconcile the difference, if any, and refund to or recover from customers the difference through Delivery Rate Adjustments (adjusted for the Company's pre-tax WACC). The rate will appear on the Statement of Energy Efficiency Program Costs (ETIP) and will be applicable to service classification 5-15, 5-16, 15 and 16.

Issued by: David B. Doxsee, Vice President, Hicksville, NY
