Payment Rates in all areas are \$3.00 per kW per month if Load Relief was requested for four or fewer cumulative Planned Events and \$4.00 per kW per month if Load Relief was requested for five or more cumulative Planned Events.

Payment Rates in all areas are \$0.50 per kWh if Load Relief was provided during a Planned Event or Test Event and \$1.00 per kWh if Load Relief was provided during an Unplanned Event.

**(E) Performance Factor**

Each Direct Participant or Aggregator has a Performance Factor for its portfolio enrolled under the Reservation Payment Option. When more than one Planned Event and/or Test Event is called during the month, the average of the Performance Factors of all events for a Direct Participant or Aggregator is the Performance Factor for that month. The Performance Factor for the month is used to calculate Reservation Payments for that month and each month thereafter until the month in which the next Load Relief Period or Test Event is called by the Company during the current or subsequent year's Capability Period. The Performance Factor is rounded to two decimal places and has an upper limit of 1.00 and a lower limit of 0.00. If a Performance Factor is calculated to be less than 0.25, the Performance Factor will be set to 0.00.
