Sellers serving customers taking transportation service under SC 18 may elect to participate in either the Company's Daily Balancing Program or Non-Core Monthly Balancing Program. In order to be eligible for the Daily Balancing Program, the Sellers' customers must have Automatic Remote Meter equipment installed at their premises as well as a dedicated communication link that will allow the Company to access the customer's meter readings periodically throughout the day. The customer is required to pay for the Automatic Remote Meter and dedicated communication link.

Sellers that participate in the Company's Daily Balancing Program will be allowed to return to the Non-Core Monthly Balancing Program on a best efforts basis. If approved to switch by the Company, the Sellers's customers must remain in the Non-Core Monthly Balancing Program for at least 12 months

The following provisions are applicable to the Daily Balancing Program:

**1. Delivery Quantity**

The Seller is responsible for estimating the consumption of his Pool and for determining the quantity of gas to be delivered to his Pool throughout the day. The Seller will have access to the telemetered consumption of the Pool three times each day and pursuant to Section V of the Company's GTOP manual will be expected to make intra-day nominations to align deliveries grossed up for LAUF with the Pool's actual consumption throughout the day.
