The Company may elect to temporarily adjust the monthly minimum storage inventory level applicable to all Suppliers by posting notice on its website at least 5 business days prior to the last day of the first month to which a adjusted limit would apply. Such notice shall include modified monthly minimum storage inventory level (expressed as a percentage) and the months to which the notice applies. If the monthly minimum storage inventory level applicable to the last day of a calendar month has been adjusted, the same percentage shall apply to the volumes of storage gas transferred as a percentage of released capacity effective the first day of the following month.
