GENERAL INFORMATION**13. SERVICE CLASSIFICATION RIDERS (Continued)****RIDER J (Continued)****SMART HOME RATE****METERING**

Any customer taking service under this Rider must have an AMI meter and the applicable Company communications equipment must be operational. Customers taking service under this Rider will not be eligible to participate in the AMI and AMR Meter Opt Out as described in General Information Section No. 7.18.

BILLING

In addition to the rates, charges, and terms and conditions of service specified hereunder, customers served under this Rider are subject to all other rates, charges and terms and conditions of service under SC No. 1 except as specified hereunder.

RESTRICTIONS

Customers may not take service under this Rider in conjunction with Riders D, E, F, I, or N. Customers taking service under this Rider must be Full Service Customers.

CHARGES

Customers will be assigned to one of the following rates by the Company.

(A) Rate I

On any day of the year, the Company may declare Critical Peak Distribution Events, Critical Peak Transmission Events, and Critical Peak Generation Capacity Events. The Company may declare up to 10 events of each of the three types per 12-month period. During any declared event, the customer's highest integrated 60-minute demand occurring entirely during the declared event period shall serve as the basis for the customer's billable demand for the event. A maximum of one event of each type may be declared on a single day; however, multiple types of events may be declared on the same day at any time. Each event shall be billed separately. If a customer exports power during an event and has a maximum integrated 60-minute demand occurring entirely during the declared event period of less than zero, the customer shall receive a credit for their minimum integrated 60-minute level of export at the Critical Peak Event Charge applicable to that event.
