

PSC NO: 219 GAS
 NIAGARA MOHAWK POWER CORPORATION
 INITIAL EFFECTIVE DATE: 09/01/20
 STAMPS:

LEAF: 14
 REVISION: 5
 SUPERSEDING REVISION: 4

GENERAL INFORMATION

1. DEFINITIONS AND ABBREVIATIONS: (continued)

Residential Customers: Any person who, pursuant to an application for service made by such person or a third party on his/her behalf, is supplied directly by the Company with gas service at a premise used in whole in part as his/her residence where:

1. The Company's effective tariff specifies a residential rate for such service, provided however that no person who requests or is supplied service to an entire multiple dwelling or for the common areas of a multiple dwelling, as defined in the Multiple Dwelling Law or the Multiple Residence Law, shall be considered a residential applicant or customer;
2. Such service will be or is primarily used for his/her residential purposes, and the applicant or customer has so notified the Company; or
3. The Company knows that any of such service will be provided through a single meter to both units of a two-family dwelling; or
4. Such person was a residential customer of the Company within 60 days of making the request, was not terminated for nonpayment, meter tampering or theft of services and has moved to a different dwelling within the Company's service territory, so long as such person remains a residential customer as defined in the preceding subparagraphs.
5. A Residential Applicant is any person who requests gas service to a premise to be used at his/her residence or the residence of a third party.
6. Residential Heating Customer means a residential customer that uses natural gas for space heating.
7. Residential Non-Heating Customer means a residential customer that does not use natural gas for space heating.

SC Nos. 1, 2, 5, 7, 8, 12 and 13: Unless otherwise specified in this tariff, references to these service classes are applicable to both sales and transportation (delivery only) customers.

Service Line: Piping, including associated metering and pressure reducing appurtenances, that transports gas below grade to the first accessible fitting inside the wall of a customer's building when a meter is located within the building; if a meter is located outside the building, the service line will be deemed to terminate at the outlet of the meter if the piping continues into the structure above ground, and at the point the pipe enters the outside of the building foundation wall if the piping returns underground before entering the structure.

Surcharge: A charge payable by customer to Company, in addition to the charge for gas under the applicable service classification, pursuant to the provisions of Rule 10.
