3. Hours of Operation

The monthly assignment of equivalent operating hours specific to the referenced operation schedule is presented in Table 2, below. These titles depict the designated adaptive operation occurring after mid-night for a period of approximately 5 hours. The customer releases the Company of any responsibilities, damages, claims or other liabilities associated with the customer's application of an adaptive schedule and their sole obligation to ensure adequate illumination is maintained for the application for which the Company will not check or validate.
