SERVICE CLASSIFICATION NO. 1 (Continued)

B. Adjustment to Volumetric Charges

Reference General Information, Section IV.

C. Standard Facility Charges

The charges associated with the identified categories of facility offerings presented below are applicable to all customers served by this standard facility classification, when appropriate. The charge for facility service during each billing cycle shall be one-twelfth (1/12) of the applicable annual amounts set forth herein as of the first day of such billing cycle.

1. Lamp/Luminaire Charge

The annual light source/luminaire facility charges, per unit without volumetric charges and adjustments, are presented below in Table 2. The HID-LED Conversion Matrix is presented below in Table 2.1.

Notes: LED Luminaire Reference designations A, G, and H are reserved for future use.

New private area light installations will be LED-only. Replacements of failed existing Company-owned HID luminaires will be LED-only based on the “opt-out” program. Customers who opt-out of the Company specified replacement program must notify the Company in writing of their replacement luminaire selections. Upon receipt of a customer’s written notification of replacement, the Company will coordinate the available LED luminaires that will be used to replace the failed HID luminaires. The HID-LED Conversion Matrix provided in Table 2.1 provides the guide for the Company replacement program to understand the corresponding illumination output of available LED luminaires.
