I. General Description

Purpose: To recover the investment (pre-tax return and amortization) and program costs for customer-side lead service line replacements completed on and after February 1, 2020.

Effective: The CSLSL Surcharge will become effective once reviewed and approved by Commission Staff.

II. Computation of the CSLSL Surcharge

Calculation: The CSLSL Surcharge will be updated annually to reflect the construction and other program costs (customer outreach, sampling and other direct costs) of the preceding twelve (12) months and will be submitted to Staff within 60 days after the end of the term of each Rate Year. The submitted surcharge will go into effect 60 days after submittal unless Staff submits a letter to the Company indicating the submitted Reconciliation amounts should be adjusted.

CSLSL Surcharge Amount: - The charge will be expressed as a percentage carried to two (2) decimal places, and will be applied to the Projected Annual Metered Revenues. The surcharge will be subject to all revenue based taxes.
