INITIAL EFFECTIVE DATE: June 1, 2020

Issued in compliance with Order in Case 14-E-0423 dated 5/14/2020.

LEAF: 156.3

REVISION: 4

SUPERSEDING REVISION: 3

GENERAL INFORMATION**13. SERVICE CLASSIFICATION RIDERS (Continued)****RIDER E (Continued)****COMMERCIAL SYSTEM RELIEF PROGRAM****CONTRACTING FOR COMMERCIAL SYSTEM RELIEF PROGRAM SERVICE (Continued)**

A Direct Participant or Aggregator must contract to provide at least 50 kW of Load Relief. A Direct Participant may contract to provide Load Relief under the Voluntary Participation Option or the Reservation Payment Option. An Aggregator may contract to provide Load Relief under the Voluntary Participation Option and/or Reservation Payment Option as long as a total of 50 kW is provided.

If other requirements for service under this Rider are met, Electric Generating Equipment may be used to participate under this Rider subject to the provisions set forth in the Applications and Terms of Service section below. The participating Direct Participant or Aggregator is responsible for determining that the operation of the generating equipment under this Rider will be in conformance with any governmental limitations on operation.

APPLICATIONS AND TERMS OF SERVICE

- (A) Applications for service by Direct Participants or Aggregators for the Reservation Payment Option or Voluntary Participation Option under this Rider must be made electronically with the Company. The desired commencement date must be specified in the application. Direct Participants and Aggregators may participate after the Company's receipt and approval of a completed application. The Company will accept completed applications for the Reservation Payment Option by April 1 for a May 1 commencement date, and by May 1 for a June 1 commencement date. For the 2020 Capability Period only, the Company will accept completed applications for the Reservation Payment Option by June 1 for a July 1 commencement date. However, if the Company does not bill the participant monthly using interval metering at the time of the application, for the 2020 Capability Period only, an interval meter must be installed 30 days prior to the commencement date. For all other Capability Periods, participation in the Reservation Payment Option will not commence unless both interval metering and meter communications are operational. If the Company receives a completed application by April 1, service can commence May 1 if interval metering is installed by April 1 and meter communications are operational by April 30. If the Company receives a completed application by May 1, service can commence on June 1 if interval metering is installed by May 2 and meter communications are operational by May 31. If the application is received by May 1, but the above deadlines for installation of interval metering and meter communications are not met, service will commence on July 1, provided the interval metering is installed by June 1 and meter communications are operational by June 30. Applications will not be accepted under the Reservation Payment Option after the specified date for participation during the current Capability Period.
