STAMPS: Issued in Compliance with Order in Case 19-E-0559, dated January 17, 2020.

LEAF: 408.6
REVISION: 4
SUPERSEDING REVISION:3

SERVICE CLASSIFICATION NO. 4 (Continued)

- P. The following rules apply to a customer combining SC4 Supplemental Service with the Empire Zone Rider (EZR) or the Excelsior Jobs Program (EJP) and whose total loss-adjusted NYPA demand allocations are greater than its lowest monthly EZR/EJP base period billing demand.
- (1) When the customer accepts its NYPA allocation or whenever the Company receives notification from NYPA that the customer's NYPA allocation is changing or whenever the customer qualifies for EZR or EJP, the customer must make an election to choose either:
 - (a) billing NYPA delivery demand pursuant to the billing methodology in this SC-4; or
 - (b) limiting the billed NYPA delivery demand to the lesser of the EZR or EJP base period billing demand or the billed NYPA delivery demand pursuant to the billing methodology in this SC-4.
 - (2) Regardless of the election made in Section 1 above, the customer will receive its NYPA commodity service pursuant to the billing methodology described in this SC-4.
 - (3) A customer who meets the initial requirements of this Special Provision P may receive additional discounts described in Section 3(a) below, provided the customer demonstrates a financial need as prescribed in Service Classification No.12, Special Contract Rates, in either Sections 4.3.2 and 4.3.3 (Revitalization) or Sections 4.4.2 and 4.4.3 (Relocation).
 - (a) Eligible customers who have a NYPA allocation and an EJP or EZR will be exempt from SBC established in Rule 41 on both their NYPA allocation and qualifying EJP or EZR load.
 - (b) To the extent that the financial need demonstrated by the customer is greater than the benefit derived from Section 3 (a), the customer may apply for a Special Contract pursuant to all terms and conditions of Service Classification No. 12.
- Q. Customers that would otherwise be eligible to receive credits under the provisions of Rule Nos. 29, 36, 37, and 40 may also have these credits apply to the customers' charges for the Company's deliveries of NYPA power under this S.C. No. 4 and deliveries of RNY power under Rule 34.6.
- If the credits are volumetric, the credits will be calculated separately with the associated kWh being allocated in the following order:
- i. S.C. No. 4 Supplemental Service deliveries;
 - ii. The NYPA contract deliveries, with the kWh allocated in the order of the largest NYPA contract kWh deliveries first and the remainder credited to the next largest contract kWh deliveries, and so forth, for each of Niagara Power Delivery Service, HLF Delivery Service, or Preservation Power Delivery Service; and
 - iii. RNY kWh deliveries.
