IMPORTANT NOTE: Please advise your O&R representative IMMEDIATELY if you intend to install on-site generation or other power producing equipment. You must submit a separate application for installation of on-site generation or power producing equipment that operates in parallel with the O&R System. You must also obtain approval from O&R's Engineering department before operating the equipment. O&R reserves the right to review, approve or reject ALL interconnection devices that may affect O&R's electric system. Therefore, we recommend that you obtain O&R's approval before purchasing any equipment.

O&R is not responsible for any dosing commitments made between the Applicant and any third party. Closing dates should not be finalized until electric, gas, telephone facilities are installed and service initiated. You must notify your local telephone and CATV Company of your service requirements. (Noted on signature page).

The Company's tariff is available for review on its website (www.oru.com) or at Orange and Rockland's customer service centers upon request.

MULTIPLE (GANG) METER INSTALLATIONS

If you are installing more than two gas meters at a single location, you are required to certify the following:

- The gas installation shall be completed in accordance with applicable National and Local Fuel Gas Code, and O&R Specifications for Gas Installations.
- All gas meter bars shall be labeled with the correct unit number as supplied by the Applicant.
- You shall assume liability for all installation work performed by your plumbing contractor.
- You understand and agree that noncompliance with these requirements and certifications shall result in delays in initiation of service and you may incur additional charges from O&R for additional inspections and administration.

Note: Copies of our Gas Specifications Manuals are available upon request at your local New Business Field Office.
