(2) Definitions for Purposes of the TACS (Cont'd.)

"Credit and Collections Lost Revenue Associated with Retail Access" shall be equal to the target level of credit and collections costs reflected in the POR Discount Percentage minus revenues received through the credits and collections component of the POR Discount Percentage for the TACS effective for the 12-month period commencing January 1, 2022. The TACS effective January 1, 2023, will no longer include the Credit and Collections Lost Revenue Associated with Retail Access component. Effective January 1, 2023, the difference between the target level of credit and collections costs reflected in the POR Discount Percentage minus revenues received through the credit and collections component of the POR Discount Percentage, and any prior period reconciliations, will be reflected in the POR Discount Percentage as described in General Information Section No. 6.5(2)(B).

"Prior Period Reconciliation" represents the difference between the amount to be recovered through the TACS and the actual amount recovered through the TACS. Any under-recovery or over-recovery resulting from such reconciliation, plus interest (calculated at the Other Customer Capital Rate), shall be included in the calculation of the subsequent year's TACS.

### (3) Calculation of the TACS

The TACS shall be determined by dividing the sum of the MFC Fixed Component Lost Revenue, Billing and Payment Processing Lost Revenue, Credit and Collections Lost Revenue Associated with Retail Access (applicable to periods prior to January 1, 2022), and the Prior Period Reconciliation by the forecasted Ccf deliveries to Service Classification Nos. 1, 2, and 6 customers for the twelve-month period for which the TACS is to be effective.
