GENERAL INFORMATION

13. OTHER DELIVERY CHARGES (Cont'd)

13.2 REVENUE DECOUPLING MECHANISM ("RDM") ADJUSTMENT (Cont'd.)

(B) RDM Targets and Determination of RDM Adjustments (Cont'd.)

Annual RDM Periods are the 12-month periods ending December 31 of each year. The RDM Adjustment for each customer group shall be determined by dividing the amount to be refunded/surcharged to customers in that customer group by estimated Ccf usage for the customer group over the RDM Adjustment Period. The Company will file a Statement of RDM Adjustments during the month following the end of each Annual RDM Period and no less than three calendar days before February 1 on which the statement becomes effective for one year.

(C) Interim RDM Adjustment

If at any time during the Annual RDM Period, the total of cumulative delivery revenue excess/shortfall for all of the Company's service classifications subject to the RDM Adjustment exceeds \$2.4 million for the annual RDM period commencing January 1, 2022, which is 1.5 percent of the total of the Delivery Revenue Target for the Annual RDM Period, the Company may implement interim RDM Adjustments by customer group on no less than three days' notice.

Such interim RDM Adjustments shall normally be determined by customer group by dividing the portion of the cumulative delivery revenue excess/shortfall for each customer group by the projected Ccf deliveries associated with each customer group for the subsequent twelve-month period.
